

Formula3 Regional Europe - Rasmussen back to victory

The Danish driver starts well and overtakes the poleman and championship leader, Gianluca Petecof. From there Rasmussen will keep the first position until the final victory, with Petecof trying some timid attacks, but without really being able to be dangerous. In third position a slightly subdued Aertur Leclerc, while Pierre-Louis Chovet is always fast and first of the non-Prema Powerteam pilots.

Patrick Pasma and Alessandro Famularo.

Too bad for Gillian Henrion not starting due to some technical problems with the car.

Race 3 this afternoon will start at 16.05.
