Red Bull Ring, race 3: Petecof does not let anybody by this time

Petecof decisively keeps Rasmussen and Leclerc behind at the start and then stretches to victory. Alessandro Famularo and Jamie Chadwick also do well.

The Brazilian (Prema Powerteam), more and more championship leader, knew that whoever took the lead in the first lap probably held it the whole race, and so in the first corners he fights with a knife between his teeth to resist very aggressive attacks from his two teammates, Leclerc and Rasmussen.

Despite the two SC who enter the track, the Brazilian shows all his maturity remaining in the lead.

The victory leads him to stretch in the championship, the title of which now seems already visible.

Very good Alessandro Famularo (Van Amersfoort Racing) with an amazing fourth place, and finally Jamie Laura Chadwick (Prema Powerteam) showing her potential with a nice fifth place finish.

The next appointment will take place in Mugello on the weekend of October 4th.
